THOMAS METZ NEW PRESIDENT FOR "JAYCEES"

Thomas E. Metz, Gettysburg R. 2, assistant manager of the L. E. Smith News Agency, was elected president of the Gettysburg Junior Chamber of Commerce at its meeting Thursday evening in the engine house, E. Middle St.

Metz, who had been serving as internal vice president, was elected after the group had accepted "with extreme regret," the resignation of Fred H. Attinger, Carlisle St., associate county farm agent. Attinger, in submitting his resignation, said he did so for "business reasons," as an expected change in his county agent duties will not permit him to continue as president of the local group.

President Metz was instructed to appoint a new internal vice president to fill the vacancy caused by his election to the presidency.

Name New Secretary
Richard E. Clarke, Gettysburg R. 2, a foreman at the Gettysburg Shoe Co., was elected secretary to fill the vacancy caused by the resignation of Jack H. Bartlett, who has accepted a post as a policeman in Baltimore.

A budget of \$7,500 for community activities was approved by the group, an increase of \$4,500 over the \$3,000 budget of last year.

Plans for three major projects were outlined. Saturday, from 7 a.m. to 9 p.m. the Jaycees will hold a car wash at the Ketterman Flying A Service Station on Steinwehr Ave. with proceeds from that event to go to the community service fund. Chairman Robert Knouse said members of the group will "call for and deliver" cars to be washed.

Plan Clean-up
Plans were outlined by Chairman Ross Crouse for the sixth annual "Clean-up. Fix-up. Paint-up" campaign held by the Jaycees for the community. The Jaycees said they will make a tour of the town Friday, June 6, to pick up debris that may have been placed by householders beside the alleys of the borough.

Summer Camp Project
Distribution of tickets for the Buddy Deane record hop Thursday June 5, from 8 to 11 p.m. at Gettysburg High School was outlined. Tickets for the dance have been made available at Gettysburg High School and Fairfield, Biglerville, York Springs, East Berlin, Littlestown, Delone, Hanover, Taneytown, Emmitsburg, Hagerstown, Chambersburg and Waynesboro High Schools; in addition each member of the Jaycees has been given tickets and tickets will be on sale at the school the night of the dance. Money raised from the "hop" will go to the fund to provide a summer camp for the Gettysburg High School football team.

It was announced that 14 booths have been sold so far for the Antique Show to be held here in August.

William Williams, a teacher at Gettysburg High School, was introduced as a guest.

Graves Of 6,000 Soldier Dead In County Will Be Marked With American Flag For Memorial Day

Through the efforts of a small band of men and women throughout Adams County, American flags will wave this weekend over the graves of approximately 6,000 veterans of all the nation's wars.

The largest number of flags, 3,600, is placed by workers at the Gettysburg National Cemetery, where for the last 50 years the government has placed American flags, one at each grave, over Decoration Day, as the nation's honor to her dead.

The remaining 2,400 are placed by members of the Sons of Union Veterans, Veterans of Foreign Wars, American Legion and other persons representing no organization, who each year carry out the work of placing the flags. Each year a few new persons are added to the list of those who secure flags from the county commissioners to put on the graves, but the vast majority are persons who have been placing the flags for many years.

WILL OBSERVE PENTECOST DAY

Church members of Gettysburg together with millions of Christians around the world will observe Pentecost as a day to think of "the mission in unity" of the Christian Church and the power of the Holy Spirit.

A message from the presidents of the World Council of Churches, an organization of 170 Protestant, Anglican and Orthodox churches in some fifty countries, will be read from many pulpits on Sunday.

Pentecost or Whitsunday, as it is also called, is one of the world's oldest religious festivals. Jewish communities celebrate Shavuot, the Feast of Weeks, the ancient festival out of which the Christian Pentecost grew.

Observed fifty days after Easter, Pentecost commemorates the descent of the Holy Spirit as described in the second chapter of Acts. At the time of the first Pentecost, 120 Christian believers were gathered in Jerusalem for the Hebrew festival. Often referred to as the "birthday of the Christian Church," Pentecost marks this event in which the Holy Spirit was given to followers of Jesus. Some 3,000 converts were made to Christ.

The world-wide mission of the Christian Church and Christian unity are frequently stressed on this day. The World Council of Churches has placed special emphasis on Pentecost in recent years. In 1958 Orthodox observation of Pentecost falls on June 1.

The special Whitsunday message from the World Council's seven presidents is read in many different languages. The 1958 message says that the Spirit of the first Christian Pentecost is a Spirit of unity, power and witness. It says of unity, "Let us then pray that the spirit of unity in faith may prevail amongst us, in accordance with the last prayer of our Lord Jesus Christ."

NPS HISTORIAN

(Continued From Page 1)
last. Meade didn't defeat Jackson, simply because he had no support, but he sure shook him up. It was probably because of Meade's skill as shown at Fredericksburg that he was selected to head the Army of Potomac as it approached Gettysburg.

"It is unfortunate that Meade is not better recognized as the outstanding soldier he was. We must remember that it was Meade's Army of the Potomac that pushed the Confederates back until the end of the war. Grant got the credit, but Meade should have as much, for while Grant was in overall command, it was Meade's army that was doing the fighting."

The speaker was introduced by Harry Parks, historian at the National Park here. It was announced that two Civil War Round Tables are planning visits to Gettysburg next month. The Washington, Pa., Round Table plans to visit the battlefield here June 26 and the Monmouth, N. J., CWRT plans to be here June 13-15.

Coon Hound Makes Sweep Of Events

QUINCY, Ill. (AP) — Coon hounds from three states competed in a contest held by the Adams County Coon Hunter Club and they must know that "Buttons," owned by Harry Hinds, is quite a hound.

Among 110 dogs, "Buttons," from Palmyra, Mo., won the first tree race as well as the first line race. In the tree race, a tame coon is placed in a tree and the first dog to reach the tree wins. The dogs were released a mile and a quarter away. In the line race the dogs must run between two stakes set in the field. A course for the dogs to run is made by dragging a sack scented with oil from coon hides.

Williams inferred that the Cleveland players are worried about being traded now that Frank (Trader) Lane is the new general manager.

150 Sent Notices On Overdue Taxes

The Adams County commissioners sent notices to 150 persons today suggesting they can save \$6 or more by paying 1957 county and institution taxes prior to June 14.

The letters listed the amount of tax the county had not received from the property holder for 1957, in some cases amounting to less than a dollar.

The second paragraph of the letter notes that "If you wish to save \$6 additional costs, these taxes must be paid on or before June 14, 1958, at which time tax liens will be entered."

After the lien is placed a \$6 satisfaction fee must be paid in addition to the original amount of the tax if the lien is to be removed. When the lien is not removed it ultimately leads to sale of the property for the taxes.

34 FOUND GUILTY OF CONSPIRACY

BROWNSVILLE, Tex. — Thirty-four Cuban-Americans were convicted Thursday of conspiracy to run arms to Cuban rebels.

A U.S. District Court jury found the 35th defendant, Ecuadorian fishing boat captain Jose Bolivar Medina, innocent.

Federal Judge James V. Allred said formal sentencing would be held Saturday.

Most of the men are New Yorkers.

The 60-ton vessel Orion was captured by U.S. government agents a few miles off Brownsville in the Gulf of Mexico last March. It carried some \$200,000 worth of arms and ammunition.

Water Is Good For Drinking, Dye Hair

SCHEENECTADY, N. Y. — "I've had gray hair for 30 years," the woman on the telephone said. "I washed it yesterday and now my hair is black. How come?"

Water Supt. John J. Meehan said the complaint was one of several hundred he received Thursday while the city's water mains were being cleaned out.

Heretofore the water often has been rust colored, to the annoyance of residents.

The cleaning stirs up murky deposits and, among other things, dyes ladies' hair and gives clothes a black appearance, Meehan said. Same all next week, he added.

But the water is all right for drinking, he said.

39 Communities Urge Shortway

TANNERSVILLE, Pa. — Thirty-nine leaders of communities along the proposed Keystone shortway Thursday night urged that construction begin immediately.

They said the shortway would cut unemployment and boost the economy along its entire route.

The only opponent of immediate construction testifying at a Highways Department hearing was William Wilcox, secretary of the Greater Philadelphia Movement Council.

Wilcox argued that the shortway would damage the port of Philadelphia by providing a direct toll-free route to New York. His organization wants construction delayed at least until further studies are made.

Graves Of

(Continued From Page 1)

ganizations individually for all graves seem to be marked each year. There are more graves listed than the number of flags given out. The commissioners also believe it may be possible that some persons save flags from year to year to put on the graves for which they care, and seek additional flags only as needed.

Finding the names of all the persons who take part in the project each year is impossible. Many of those who are on lists are accompanied from time to time by friends or children who also help place the "stars and stripes."

A list of 26 men and two women who are in charge of placing flags on the graves of 1,989 veteran dead in 84 cemeteries is kept by David Tawney, Gettysburg, who each year sends cards to the persons asking if they will again be responsible for the graves in cemeteries assigned on a list they have. Each year a few of the old names disappear from the list, but the cards are returned with another name on it, and that name goes into Tawney's "committee" which takes care of Civil War dead and pre-Civil War dead and occasionally some Spanish American War II dead.

The organization, it was noted, is "loose but effective." Some of those who accept the responsibility do not place the flags themselves, but develop committees which do the work.

Of the graves on the lists of Tawney's committee, 1,485 are Civil War dead, 209 "before Civil War," mostly Revolutionary War dead.

On Tawney's List
Following is a list of those on Tawney's "Committee" and the cemeteries in which they place flags. The number of graves decorated is also listed for each. When only one figure appears it represents Civil War dead. When two numbers appear, the first indicates the number of Civil War dead, the second the number of pre-Civil War veteran dead.

Here And There: Suggestion to Town Council: Why not officially change the name of Center Square to Lincoln Square?

Lincoln Square, we believe, will have far greater significance and attract far more attention than just plain Center Square.

Churchill At Thurmont: Winston Churchill, prime minister of Great Britain, in his address before a joint session of Congress Wednesday noon, made the following reference to Gettysburg:

"I was driving the other day not far from the field of Gettysburg. It was the most decisive battle of the Civil War. No one after Gettysburg doubted which way the dread balance of war would incline. Yet far more blood was shed after the Union victory at Gettysburg than in all the fighting which went before.

"It behooves us therefore to search our hearts and brace our sinews and take the most earnest counsel one with another in order that the favorable position which has already been reached both against Japan and against Hitler and Mussolini in Europe shall not be let slip."

Today's Talk

GOD'S WATCHFUL EYES

Nature, in its Springtime, performs a multitude of miracles, and always under the watchful eyes of its Creator. God hid His precious treasures, often deep in the earth, so that man would have to dig for them, thus learning their higher value. Why is there a star to the sapphire stone if not created to remind us of the "glory of the Heavens?"

I came across this beautiful stanza of poetry by Stevenson:

"The child, the seed, the grain of corn.
The acorn on the hill,
Each for some separate end is born
In season fit, and still
Each must in strength arise to work
The Almighty will."

When I look upon the mystery, the wonders, and the miracle in all Nature, I am convinced that a higher intelligence than any which man has ever possessed is forever near to us, and that God's watchful eyes never leave His great garden of the earth.

Said Henri Frederic Amiel: "The whole secret of remaining young in spite of years, and even of gray hairs, is to cherish enthusiasm in one's self by poetry, by contemplation, by charity — that is, in fewer words, by the maintenance of harmony in the soul."

Each of us should devote more time each day to the companionship of Nature, for we are of Nature and its child. We should never forget that God's watchful eyes are ever upon us. We are His children. How proud we should be to serve in His Kingdom!

Tomorrow Mr. Adams will talk on the subject: "Rumer Godden" Protected, 1958, by The George Matthews Adams Service

Just Folks

THE TIME FOR GRIT

About the time that things begin
To look as though the worst had come
Is just the time to buckle in,
To send your back and hustle some;

And then about the time you feel
That you are licked and ought to quit,
Then is the time to show your real
And unadulterated grit.

When fate is dealing cards to you,
Don't hope always to draw life's aces;
The leads divided are, and true;
High cards must fall in other places.

A fool can win with every card
And all the trumps at his command,
But wise men like a battle hard
And glory in a feeble hand.

And so I say the quitting time
For others is the time the brave
Display courage that's sublime,
And let their colors proudly wave;

It is the time they start to fight—
Displaying skill and strength and wit,
They win a victory for right
On unadulterated grit.

Discarded Biblical Technique For Artificial Respiration Is Advocated Now As Best After All

NEW YORK (AP)—A biblical technique for artificial respiration, largely discarded in favor of other methods, now is being advocated once more as the best, after all.

Under the age-old means of resuscitation, the rescuer simply breathes mouth to mouth directly into the lungs of an unconscious victim.

"It's as simple as blowing up a balloon," says Dr. Vincent J. Collins, president of the New York State Society of Anesthesiologists.

At Collins' urging, the New York State Medical Society has officially adopted the method as most effective. He hopes the American Medical Assn. will follow suit at a San Francisco meeting next month.

Countless lives can be saved if people will acquaint themselves with the technique, Collins said.

He considers it three to four times as effective as other systems taught in years past, such as the back pressure-arm lift and Schaefer plan.

It is so simple that a 9-year-old child can successfully revive an unconscious man weighing 250 pounds or more, Collins said.

In Book Of Kings
Others describe it as "unequivocally superior" to manual techniques in all age groups, and the only one which assures that an adequate volume of air will enter the victim's lungs.

The Bible relates this account of its use in II Kings, 4:32-34: "And when Elisha was come into the house, behold, the child was dead, and laid upon his bed."

"He went in therefore, and shut the door upon them twain, and prayed unto the Lord.

"And he went up, and lay upon the child, and put his mouth upon his mouth and his mouth upon his hands; and he stretched himself upon the child; and the flesh of the child waxed warm.

"Then he returned, and walked in the house to and fro; and went upon him; and the child sneezed several times, and the child opened his eyes."

MAJORITY OF TAPROOMS TO USE "ES" TIME

HARRISBURG (AP)—The huge majority of taprooms in daylight saving time communities in Pennsylvania prefer to operate on standard time—it gives them an extra hour to stay open at night.

Chairman Patrick E. Kerwin of the State Liquor Control Board disclosed today that only 2,724 hotels, restaurants and clubs have posted notices that they are doing business on daylight time. Licenses in this category total 22,000.

No Problems Here
"We've had no serious difficulty in administering this law," he told a newsman. "Actually, it has presented no enforcement problem."

Kerwin said the 2,724 figure of those operating on daylight time contrasts sharply with the 8,250 that sent in similar notices in 1957 when the legislature first enacted the law.

A. W. Caley, director of licensing, said the high figure last year was the result of confusion by taproom owners on how the law operates.

"They made a mistake last year

in thinking that sending in the notice gave them an extra hour to operate at night," Caley said. "As a matter of fact, this mistake resulted in those licensees closing at the same hour as they had previously."

The new law provides that a taproom—even in a community operating on daylight—may do business on a standard time basis. Otherwise, he must post a notice on the premises that he is operating on daylight time and send a copy of it to Harrisburg.

Under the law, taprooms may be open from 7 a.m. to 2 a.m. on all days except Saturday and Sunday. Saturday closing is at midnight. No sales are allowed on Sunday.

For clubs, the law permits them to stay open from 7 a.m. to 3 a.m. seven days a week.

If a taproom or club doesn't send in a notice, it means he can open an hour later in the morning and close an hour later at night if it is located in a daylight saving time community.

Kerwin said most taprooms and clubs in cities are operating on standard time to take advantage of the extra hour in staying open at night. In the rural areas, he added, the opposite is generally true.

A swivel-blade vegetable peeler is an inexpensive and wonderfully handy kitchen aid. Use it to cut flat lengthwise slices from carrots for "curls;" to remove the fibrous outer covering from broccoli and asparagus stalks; to make "curls" from room-temperature chocolate for a pie or cake garnish; and to make petals from Brazil nuts that have been covered with boiling water for five minutes and drained.

There on Decoration Day the nameless heroes of World War II and Korea will be entombed, their crypts each two paces from the resting place of World War I's Unknown Soldier.

A full-scale rehearsal Thursday for the May 30 ceremony included placing caskets over the open crypts.

The rehearsal also included the reading, for the first time, of the citations which will accompany the Medals of Honor for the two unknowns, to be conferred by President Eisenhower in the funeral ceremony preceding the burials.

The citations for awards of the nation's highest military decoration are both brief.

One says that a grateful nation bestows its honor upon "the unknown American of the second World War, exemplifying the selflessness of all our fallen heroes of the second World War who, in courageous defense of the ideals of democracy against aggression, gave their lives to preserve our noble heritage."

Selection Method In M-A Baseball Termed Not Good By Executive Director

Willis J. Stetson, Swarthmore, executive director of the Middle Atlantic Conference, has termed the conference's method of selecting a representative for an NCAA baseball spot as "not a good thing."

His statement was brought about after the wave of protests which developed when Lafayette College was selected as the Northern Division representative to meet Delaware, Southern Division champs, for the conference title and a shot in the NCAA playoffs.

Gettysburg College, who finished on top with a 12-1 division record, was ignored in favor of the Leopards who logged a 10-2 mark.

Trio Of "Experts"
Herbert Sutter, Wagner College; Ernie Casole, Temple, and John Patskan, Albright, formed the committee selecting Lafayette.

According to Sutter, the selection was based on a ruling passed in 1935 in which the directive said that the team should be picked on the strength of the schedule and the strength of the team and what affect NCAA representations would have on the school. "We felt that Lafayette played a stronger schedule and would do better in NCAA competition," he added.

In terming the selection of Lafayette as "ridiculous," "Hen" Bream, Bullet athletic director, said, "I don't see what a protest can do any good. But when they have the fall meeting I am going to do a lot of talking about changing the rules. It just wasn't fair to our kids. We even would have played Lafayette again for the berth." (Lafayette squeezed out a 6-3 win over the Bullets at Easton, the winning run coming on a wild pitch.)

SPRING SPORTS CARNIVAL OPENS AT PENN STATE

UNIVERSITY PARK, Pa. (AP)—The PIAA's annual spring sports carnival opened here today as the state's top scholastic golfers and tennis players began competition.

The championships will be held tomorrow.

The Class A and B track championships also are scheduled tomorrow.

None of the golf and tennis individual championships are being defended this year. That fact established the 1957 runnersup as favorites.

In golf it was Bill Hyndman of Abington, third last year and son of one of the nation's top amateur golfers. Ed Kaminski, Hanover Twp., seventh last year, and Fred Sokol of Oakmont, eighth, were rated the leading challengers.

Thirty-six holes were to be played today with the 24 lowest scores qualifying for tomorrow's final 18.

Easton's Larry Sobel is favored to win the tennis singles title on the basis of his runnerup performance last year. Lee Steele and Don Latshaw are favored to bring the doubles trophy back to Bethlehem High. Steele, teamed with Howard Whitcomb, lost in the finals last year.

Preliminary rounds were held today with the finals tomorrow.

DOES NOT THINK OF SERIES WINS

MILWAUKEE (AP)—The Milwaukee Braves' Lew Burdette, who didn't take up this season where he left off last, says others may be thinking back to his World Series heroics over the New York Yankees, but he isn't.

"I don't think about those three Series victories at all," said the gangly right-hander after coasting to a 9-3 decision over the ambitious Francisco Giants Thursday night. "This is another year and that's all I'm thinking about."

"You can't live on last year's accomplishments," he continued. "At least not for long, at any rate."

The subject came up because of Lew's rather mediocre 4-3 won-loss record and 4.11 earned run average.

Thursday night's easy pickings was his first triumph in 15 days and four starts and only his third route-going performance in eight starts. One of his victories came in relief.

BIG LEAGUERS WILL PLAY ON COLLEGE FIELD

Final plans for the opening of the local Big League, for boys 16 to 20 years of age, were made at a meeting Thursday evening.

It was announced that college officials have granted permission to use the college diamond until the new field at the recreation park is ready for play.

The four-team league will open with one game Tuesday evening at 6:30 o'clock when the VFW meets Swope's Aero.

A revision of the original schedule was made at the meeting. Saturday afternoon games will start at 2 o'clock instead of 1 as previously announced. Evening games will be on Tuesday and Thursday at 6:30.

MIXED REACTION TO NEW THREAT BY L. A. DODGERS

LOS ANGELES (AP)—A threat by the National League president to shift the Dodgers from Los Angeles unless voters approve a stadium site next month brought this reaction:

A bluff, say some critics of the Dodgers' land deal with the city. Straight talk, say others favoring the Chavez Ravine site.

Straddling the fence was Dodger President Walter O'Malley, who said:

"We have our hands full now with many problems — on and off the field. This presents another."

Ultimatum By Giles
The ultimatum was delivered Thursday in Cincinnati by President Warren C. Giles, of the National League. He told sports writers that if Los Angeles voters turn down the Dodger contract June 3 "it will be my personal recommendation to our league that we take immediate steps to study ways and means of relocating the franchise in another city."

The Dodgers moved this year from Brooklyn after the Los Angeles City Council, by a 10-4 vote, approved a contract providing acreage for a stadium in Chavez Ravine.

City Councilman John Holland, who led the fight to submit the contract to the voters, termed Giles' statement:

"The last desperate threat of a frightened group of greedy men."

MOORE AFTER NEW KO MARK

SAN FRANCISCO (AP)—Former lightweight champion Willie Ritchie was asked if he ever boxed the current light heavyweight title Archie Moore.

"No," replied the 67-year-old who ruled the 135-pound ranks from 1912-14. "It was my father who fought him."

So continued the joking speculation today over the age of boxing's refugee from a rocking chair who apparently can set a knock-out record of 127 during his career if he stops Charley Norkus here Monday night.

The two meet over 10 rounds at the San Francisco Auditorium as part of Archie's campaign to get a shot at top heavyweight contender Eddie Machen and thence at champion Floyd Patterson, Naturally Norkus, on a comeback campaign, aims to change Moore's ideas.

The ring record book, which officially lists ancient Arch as 44 but includes his claim that he's not more than 41, indicates Moore will set the new knockout record for all weight classes.

Until this year, the late heavyweight Young Stringling held the mark at 126. Although a resume states Arch had 121 through 1956, a year-by-year count puts the total at 123. This year Moore has kayowed three more foes.

FAIRFIELD HIGH WINS 7TH GAME

Fairfield High School copped its seventh baseball victory Thursday afternoon by edging Taneytown 3-2 on the latter's field.

After Taneytown had taken a 2-0 lead via single runs in the second and third innings, Fairfield pushed over a run in the fourth and the clinching pair of runs in the fifth. Taneytown outwit its conquerors 6-3 but could not bunt his blows.

Fairfield (7-4) meets Emmitsburg at Fairfield Tuesday at 3:30 p.m.

Meet Your Little Leaguers

(Fourth in a series of articles on Little League Baseball in Gettysburg.)

The Lions of the Gettysburg Little League finished in fourth place last season but Manager Fred Baker is not worried about the same thing happening again this season.

Baker considers the 1957 campaign as a rebuilding season and feels confident that it has paid off. Out of the 15 players on the squad, 11 are returnees and the remaining four are will co-ordinated rookies.

Tom Gilbert, Mike Baker and Ron Newman were the three players picked up in the spring auction while Jim Newman was acquired by the team on option. Gilbert is an outfielder but is better known for his hitting ability. Mike Baker is only a nine-year-old and shows signs of being a top contender in the coming season. Ron and Jim Newman, a brother combination picked up by the Lions, are excellent hitters as well as fielders.

Infield Looms Strong

Around the infield, Manager Baker will have Doug Appler and Barry Sease alternating at first base especially when Appler is called upon, for a pitching assignment. Ron Newman has been working well at second while brother Jimmy is holding down the hot corner at third. Mike Boyer, lad who plays any position well, will be called upon to fill in at either third, second or the outfield when needed. Danny King and Bob Selby will be switched on and off at shortstop. Behind the plate Baker is counting on Eddie Tilberg and also Barry Sease when Tilberg is sent to the mound.

The outfield will consist of such top performers as Bob Britcher,

Don Baker, Pete Nelson, Gene Schultz and Bill Eden. Anyone of the five men is capable of solid hitting.

From the line-up mentioned, the Lions will be sporting one of the strongest outfields and infields in the league. The offensive game has shown great improvement and will be something to watch out for in the coming season.

Like many of the other teams, Baker doesn't care to say too much about his pitching staff except for the fact that he will have Doug Appler taking his turn. Baker has chosen Appler to pitch the opener against the Moose. Don Baker and Ed Tilberg are two dependable who will be able to hold their own on the mound.

A Milestone...

The diploma, symbol of work accomplished, is one of the graduate's most cherished possessions. It signifies a milestone in life—an end, but also a beginning!

With commencement comes thoughts of life still to be lived. Knowledge alone is not enough; degrees are not enough. There must be something more.

Through the Church comes a knowledge of life lived for others, of nearness to God, of strength and power which carries one beyond the needs of the present, which makes the individual adequate for tasks too great for human strength.

In the Church you will feel a nearness to God you never felt before, and the more fully you enter into the life of the Church, the stronger you will become.

Why not have a commencement of your own now—a commencement of life in the Church?

Sunday School Lesson

By H. R. and M. C. Gold

LIVING BY GOD'S LAWS

Deuteronomy 6:1-3; 11:18-21; 26-28

Key verse: Hear O Israel: The Lord our God is one Lord; and you shall love the Lord your God with all your heart, and with all your soul, and with all your might. Deuteronomy 6:4-5.

Without laws our world would soon be disordered and chaotic. And in a country where laws are abused or flagrantly disregarded, anarchy and revolution are the result. God knew human nature when He gave Moses the law at Sinai and could look ahead into the future of the Hebrew nation. He foresaw the wavering faith of His chosen people; if His relationship to them was to survive, it had to grow in love and trust.

The Book of Deuteronomy is called the "Second Law" because it represents the law as being rehearsed and expounded. Thirty-eight years had elapsed since God gave the law to Moses and now on the plains of Moab on the eve of taking possession of Canaan the new generation must be instructed in how to apply the law under different conditions. The Israelites would soon lead more settled lives, living in towns and cities instead of leading a nomadic life. This required adjustments and it was Moses who delivered three distinct addresses to the people — to instruct, to inspire to action, and to insist that they observe these statutes faithfully.

Enjoyed Peace, Prosperity

During the course of Hebrew history we see that when the people observed God's laws they enjoyed peace and prosperity, but when they turned from God they suffered adversity. Consequently, the safest way to guard against corruption of their religion was to read God's written Word. This occurred during Josiah's reforms and later in Ezra's, for after hearing the law reread, the people were refreshed spiritually and returned to the God of their fathers.

The word "commandment" is used 43 times in Deuteronomy and includes all the ordinances, statutes, and decrees given by God — all of His various directions given to the people for their guidance and strength in every phase of life. When we think of Moses as the chief law-giver of the Old Testament we must not be confused. "Hebrew law is Mosaic only in the sense that Moses was the founder of the legal tradition, but not author of all the laws." In fact, Deuteronomy itself could not have been written by Moses for it records his death. Since 1805 the most widely accepted view is that it was the law book found in the temple in 621 B.C. as recorded in II Kings 22 for "the reforms instituted by Josiah at that time bear a distinct relation to the demands of Deuteronomy. The century or so preceding this event was a period in which such a book could have been composed."

"Preserve Their Faith"

Moses enumerates the things that must be done to preserve their faith and maintain their sacred covenant. "You shall therefore lay up these words of mine in your heart and in your soul; and you shall bind them, as a sign upon your hand . . . Furthermore, they are to teach their children in the home, and literally 'write them upon the doorposts of your house and upon your gates . . . It was customary for ancient peoples to inscribe writings on the lintels and doorposts of their homes. Jews still write Deuteronomy 6:4-9 and 11:13-21 on parchment, place it in a metal cylinder and attach it to the right hand door frame of their houses. It is called 'Mezuzah' meaning 'doorpost.'"

In addition to the necessary instructions to coming generations, these lessons were expected to produce action and true observance of their religion. Examples were put before them of those who obeyed God's statutes and those who disobeyed them. Along with the admonitions were warnings — "Behold, I set before you this day a blessing and a curse." Indispensable lessons for the present can be found in Deuteronomy — moral principles as eternal and lasting as God Himself. Too often we become so absorbed in secular life that we set up idols such as material success, social prestige, accumulation of stocks and bonds, membership in various clubs to the complete exclusion of Christ and His Church here on earth.

MEMORIAL SERVICES

The annual Memorial service of the Taneytown Evangelical United Brethren Church will be held Sunday evening at 7 o'clock with a short service there and the main service will be at 7:30 p.m. at the church. The Ray Christ Family, bell ringers and glass goblet players, will provide special music for the service. The pastor, Rev. Arthur W. Garvin, will bring the message. The public is invited to both services.

CHISOX NEED EXTRA EFFORT COMISKEY SAYS

CHICAGO (AP)—It's going to take extra effort on the part of the players to get the Chicago White Sox headed upward in the American League, Club Vice President Chuck Comiskey admits.

"I'm not going to mention names, but except for seven or eight holler guys out of 25, I think a little more effort is needed," said Comiskey. "I still think we are a better balanced club than we were last year when we finished second. I still like the trades we made and I think we've strengthened ourselves even if we did have to part with a fellow like Minnie Miñoso.

"I don't expect cheering sections like in college, but I do expect a little more liveliness—and this is true of the guys on the bench. Let them do a little more yelling."

"We've Got Ability"
After watching the Sox drop two games to New York, Comiskey said he has known all along that "we can't match Yankees in power, but we can win by every other means. We've got speed, defense and the best pitching staff in the league."

"Take a look at the statistics. New York barely tops us in homers, triples and doubles. But we've got 30 or so more bases on balls. We've been on base that much more, but we've been in last place."

"We've got the ability, but we're not using it."

"All year we've had too many mistakes by fellows who shouldn't be making them. We've known we would be in a lot of low scoring games. With a little more effort we would not have lost so many of them."

The POWER of FAITH

by Howard Brodie

MOUNT OF BEATITUDES, ISRAEL—Along the gentle slopes, I walked softly through fields of grass, wheat and wild flowers of unimaginable beauty—deep purple, bright yellow, brilliant red. Grasshoppers danced at my feet and gorgeous butterflies fluttered about.

But in the midst of this serene beauty I had been warned to watch out for scorpions. Who could think of danger while bees hummed, birds called through the trees and the songs of Arab farmers filled the air? Perhaps it was on a day such as this that Christ gave His ageless formula for finding contentment in a troubled world:

"Seek and ye shall find... blessed are the peacemakers: for they shall be called the Children of God... Love your enemies."

Reuther Helping To Map Strategy

DETROIT (AP)—Walter P. Reuther goes before a joint session of three United Auto Workers councils today to map strategy for a fast-approaching showdown in labor contract talks with the auto industry.

The union president reviewed the deadlocked negotiations Thursday with his 25-man Executive Board.

Any major changes in bargaining policy would have to be approved by the councils representing General Motors, Ford and Chrysler workers.

In the past, the UAW membership has gone along with Reuther's recommendations.

TEN YEARS OF SULLIVAN TO BE REVIEWED

By CHARLES MERCER
NEW YORK (AP)—To review kinoscopes of Ed Sullivan's CBS-TV shows of the past 10 years is to watch the fascinating cavalcade of show business through a decade.

The viewing audience will have that opportunity June 22 on the tenth anniversary of the show. As part of the celebration Sullivan also will present the Brussels World's Fair on film June 15 in a program narrated by Maurice Chevalier.

Sullivan leaves for Brussels by plane immediately after his program next Sunday (8 p.m. EDT) to film performances at the fair and—as contrast—to film such great battlefields in the area as Waterloo, Liege, Mons and Bastogne.

To Give Comments
"Belgium has been one of the world's great battlefields," he said. "Now, at the fair, it's the site of an attempt at world cooperation. We are suggesting, or at least holding out the hope, that the nations of the world get along as well as the performers of the world do."

Sit beside Sullivan as he reviews the films and hear his comments on some of the segments which will be seen June 22:

"That's the late Patsy Flick heckling me back in '48 when TV set owners were numbered in thousands instead of millions. Look at the cornball way I came on stage in the old style with a flourish of trumpets. My gosh! . . .

Some High Spots
"There's Luis Rainer doing the telephone scene from 'The Great Ziegfeld' in '49. I prevailed on Loew's to let us do it, and it was the first time the movies cooperated with the new medium of television."

"This is Jackie Gleason's first sketch on network television—and this is Johnny Ray's TV debut. 'Had you forgotten Victor Borge's TV debut in '54? Watch. In '55 we turned the tables on Ed Murrow. Right you are, Elvis himself in '56. Just 20 seconds of him this time."

That June 22 program won't be only the history of Ed Sullivan. It will be a history of television.

TWO ELDERLY COUPLES DIE IN CAR CRASH

MEADVILLE, Pa. (AP)—Two elderly Ohio couples who were returning home after a visit with relatives in Olean, N. Y., were killed Thursday in an auto-truck collision.

They were killed as their auto collided head-on with a tractor-trailer on rain-slick Route 19 about seven miles south of Meadville.

Mrs. Marguerite McLean, 61, of McDonald, Ohio, was killed instantly.

Truck Driver Hurt
Her husband, Floyd G. McLean, 65, the driver, died an hour later in City Hospital.

Less than an hour following his death, William J. Willis, 70, of Youngstown, Ohio, died in Spencer Hospital.

Willis' wife, Catherine, 68, was the last to die.

Joe Ananea, 24, of Erie, Pa., the driver of the truck, suffered a fractured elbow and knee. He was admitted to Hamot Hospital in Erie in fair condition.

Lost Control
State Trooper Daniel Oshurak said Mrs. McLean was Willis' sister and the couples were returning home after visiting relatives in Olean.

Oshurak said McLean's car was traveling south when it ran off the highway onto the berm, a drop of about three inches.

He said McLean, in an apparent effort to bring the car back onto the highway, swerved into the path of the big rig.

Urge Increase Of Benefits For Aged

HARRISBURG (AP)—The Governor's Committee on the Aging has recommended that minimum social security benefits be increased and the coverage expanded.

At the second in a series of conference workshops, the group Thursday adopted four proposals for increasing benefits "to meet minimum subsistence levels necessary for a decent and healthful standard of living."

Dr. Stephen B. Sweeney, chairman of the Institute of Local and State Government, University of Pennsylvania, moderated the meeting. Harry Shapiro, state welfare secretary, sat in on part of the discussion.

the original owner had carefully preserved the blade with a coating of tallow. It was estimated from markings that the knife was more than 60 years old.

VFW Stages Block Party Thru Week

The Block Party being held this week by the Gettysburg Post No. 15 of the Veterans of Foreign Wars is one of the biggest projects the vets have undertaken in the 23 years since they were organized. The Block Party opened Monday and continues through Saturday.

Instituted May 15, 1935, with 57 elected Henry F. Steiniger as their first commander.

The VFW post from its beginning has actively supported state and national legislation deemed

compartment located in the door of the two 14-cubic-foot models. It contains two lift-out egg trays, holding 10 eggs each, and two trays large enough to hold two pounds of butter or cheese.

Full-width fruit and utility basket slides out easily and holds an ample supply of fruit without the crowding that often causes bruising. Wire construction allows needed air circulation.

The portable bottle basket, located in the fresh food compartment door, is equipped with two easy-to-grasp handles so that the basket can be lifted out and carried to a work counter.

A two-door freezer-refrigerator, the 14-cubic-foot model includes all of the 1958 Kelvinator features — "Breakfast Bar," waist-level crispers, portable bottle basket and slide-out fruit basket. The 10.8 cubic-foot fresh food compartment automatically defrosts.

Door and cabinet shelves are aluminum. A special built-in storage area for removable shelves is provided at the top of the fresh food compartment. Removable shelves permit more flexible storage, especially for large bulky items.

The separately insulated and refrigerated freezer at the bottom holds 108 pounds of frozen food. It has a full-width roll-out storage basket, and is equipped with three ice cube trays and two frozen juice trays. The freezer door has two shelves for small packaged foods and ice cream cartons.

favorable to the prosperity and security of the nation and state and they have always given special attention of particular concern to legislation directly affecting veterans and their families.

The post met first in the First National Bank building, then the third floor of the M. A. Hartley Company building on Carlisle St. and then the post bought the old Buehler home at Carlisle and Stevens Sts. When that property was sold the post temporarily used quarters on Chambersburg St. and on May 14, 1955, the new home on East Middle St. was dedicated. The attractive brick, one-story building with its ballroom, barroom, kitchen, office and storage space has been headquarters for VFW activities in this community since that time.

The post currently features lunches from 11 a.m. to 1 p.m. and serves sea food platters Fridays and Saturdays. A floor show and a dance is regularly scheduled for each Saturday evening. The home has been air conditioned to make it comfortable the year around.

Some Tips On How To Choose Grass

"What kind of lawn do you need?" That's the first question George M. Zerfing, local lawn supply dealer, asks people who come to him for advice on buying grass seed.

"It surprises most people to know there are different kinds of lawn. They think grass is grass. Not on your life. Here in Adams County people can grow three distinctly different kinds of lawns," Mr. Zerfing said.

"Look at it this way. People like an elegant carpet out front, picture lawn. Looks wonderful, calls for quite a bit of care, certainly nothing to use as the playground for active youngsters," Zerfing laughed.

Asks Six Questions
"For the play-space people need an extra-sturdy cushion of the broader-bladed grasses. Then for most of the lawn, it's the happy in-between of family lawn, grass for good wear as well as good looks."

"I ask people six questions when they are undecided about which lawn best suits their need. Is appearance more important than wearability? Then choose picture lawn. For maximum wearability, play lawn."

"Can you water during dry

weather? Picture lawn must be watered.

Important Questions

"Is lawn keeping recreation for you? Picture responds to loving care. Play survives on the minimum."

"What's your favorite color in grass? Picture lawn makes a brilliant apple-green carpet. Family and Play are darker."

"Must your grass be the velvet smooth look of Picture lawn kept mowed short, or do you prefer the linen look of Family lawn, the sturdy, tweedy look of Play, the lawn for casual care?"

Mr. Zerfing then discussed shade mixtures and how they differed from grasses for sunny places.

"They went out with the bustle," Mr. Zerfing declared. "Today grasses are blended scientifically so that the lawn thrives equally well in sun or shade. What you need is a skillful blending of three or four grasses. This makes a more handsome lawn, uniform and pretty. It's a mistake to try to grow only a single kind of any grass. You risk losing everything first time one of the fungus diseases shows up. Fungus runs through the all-one lawn like fire before a stiff west wind."

"Bue don't go overboard. Four kinds in the blend is about tops. I heard of a fellow who tried twelve. His lawn looked like a patchwork quilt."

Alexander's Lawn Mower Service Grows

Alexander's Lawn Mower Service, started two years ago on part-time basis and now expanded into a full-fledged business with a sales department, is run by Raymond R. Alexander, 26-year-old graduate of Gettysburg High School who is rapidly becoming known as the Fairfield community's "trouble shooter."

Even more varied than his regular occupations of bus driver for the Fairfield Joint School District, bus driver for the Gettysburg Shoe Factory and lawn mower service operator are the varied occupations he follows between bus trips in the winter months when the lawn mower business is at a standstill.

He is a plumber, electrician, television and aerial repairman and the fellow that's often called in when household gadgets or equipment refuse to work. "If he doesn't know how to fix them, he finds out," his wife told a Gettysburg Times reporter.

Day Starts At 5 a.m.
Mr. Alexander's day starts about 5 a.m. when he starts for Chambersburg with a bus that will pick up and haul Gettysburg Shoe Factory employees to the Fairfield Rd. plant. After unloading the factory help, Mr. Alexander starts his bus route that winds up at the Fairfield Joint School.

In the afternoon he covers his school bus route again, taking the youngsters home, and then goes to the shoe factory to deliver workers from there to Chambersburg. His total daily travels is in the neighborhood of 150 to 200 miles.

E. G. Hess of the Hess Duraclean Service is shown at work in the home of Mr. and Mrs. Earl Minnich, Gettysburg R. 2.

Between bus trips he's in business in a shop at his home on Water St. in Fairfield where he and his wife, the former Shirley Shultz, and their son, 5, and daughter, 3, reside. His growing lawn mower sales and repair business is housed in a shop near the Alexander residence. There he started a lawn mower service in 1956. Last year he began selling mowers and is expanding that department this year. He sells Moto-mower lawn mowers of the 18-inch and 21-inch varieties as well as the 24-inch Roto-ride and the Wheel-horse garden riding tractor with 22 attachments. He also overhauls mowers and all types of motors.

SOLAR HOUSE UP FOR SALE

SCOTTSDALE, Ariz. (AP) — Some days the sun doesn't shine and some days you can't make a dime.

Sadly aware of this, the Association for Applied Solar Energy plans to sell its famed, but short-lived, solar house for \$49,500.

The association has been beset by protests about commercial operations in a fashionable residential section and hemmed in by zoning ordinances.

The house went on display last month, billed as the nation's first solar-heated house and cooled home. It created a flurry of interest from scientists, architects and homebuilders.

But someone forgot to read the county zoning regulations.

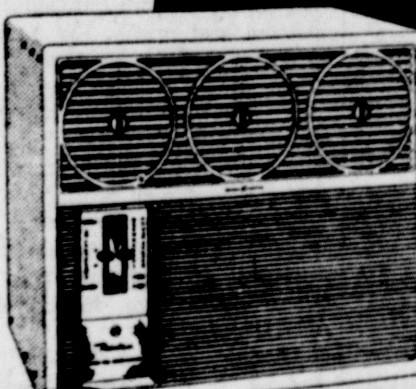

A county adjustment board recently ordered the association to stop charging 85 cents admission.

Tear down all advertising signs. End public tours of the house. Stop operating an adjacent parking lot for sightseers.

A wild swan, say naturalists, can break a man's leg with his wing.

12 Children Die When Fire, Blasts Level B.C. Hospital

WILLIAMS LAKE, B.C. — Flames touched off by two unexplained explosions leveled a hospital on the Anaham Indian reserve in British Columbia's wild Cariboo country Thursday night, snuffing out the lives of 12 children.

The children, one 8 and the others under 5 were members of the Anaham band of the Chilcotin Indians, who make their home on the Anaham reserve 60 miles west of here.

An undetermined number of persons, including the supervisor of the Roman Catholic hospital, were injured in the blaze, which flashed through the frame building at about 5:30 p.m.

Sister Burned Severely

The supervisor, Sister Mary of the Cross, 25, was burned severely on the hands and face when she tried to force her way into the burning building to rescue the children.

The hospital was operated by the Missionary Sisters of Christ the King. They minister to the

medical and educational needs of the Indians on the Anaham reserve, one of Canada's largest, located 200 miles north of Vancouver.

There is no fire equipment in the vicinity. Reserve Indians and volunteers battled the blaze as best they could with the equipment at hand.

Only one child was rescued. Sister Mary of the Cross and a number of the injured were flown to Williams Lake for treatment.

WASHINGTON — Donald G. Kovacic, news editor of the Washington bureau of the Associated Press, died today. He was 46. Death was attributed to cancer of the liver.

Kovacic was born in Cambria, Wyo. He joined the AP in Kansas City, Mo., in 1937.

In January 1949, he was named news editor of the AP's Washington bureau.

Kovacic is survived by his widow and two children, Candace 11 and Eric 6.

U. S. SEEKS TO KEEP ALGERIAN CRISIS CONFINED

By JOHN HIGHTOWER

WASHINGTON (AP) — The United States was reported today to be working to prevent the French-Algerian crisis from spreading into Tunisia and Morocco.

Officials said efforts, necessarily very limited, are concentrated on urging restraint on French and North African leaders. Presumably this country is making its views known through the embassy in Paris and its consulate-general in Algiers.

Officials said French Premier Pierre Pflimlin faces an almost impossible task in trying simultaneously to strengthen the position of his government, find a solution for the Algerian problem and reform the French constitution.

Fear For N. Africa

The greatest immediate danger seen here is not in Paris but in North Africa. Washington fears that Tunisia and Morocco may become involved because of the presence of large French military forces in those countries which only recently achieved independence from France.

Clashes were reported between French and Tunisian forces at Gafsa in south central Tunisia and Remada, farther to the south near the Libyan border.

Tunisia already has demanded removal of French troops from her soil. Moroccan Ambassador El Mehdi ben Abdou said his government also has demanded immediate evacuation of all French troops in his country.

Many Troops Involved

The 23,000 French troops in Tunisia have been technically restricted to their bases by order of the Tunisian government since last February and are unquestionably restive. The assumption here is that they may be strongly tempted to take affairs into their own hands, as did the military command in neighboring Algeria.

President Habib Bourguiba of Tunisia has a force variously estimated at only 4,000 to 5,000 men. In Morocco, officials said, there are more than 30,000 French troops. The Moroccan government under King Mohammed V has an army estimated at 25,000 men but much of it is said to be inadequately armed.

World News In Brief

TOKYO (AP) — Prime Minister Nobusuke Kishi's Liberal-Democratic party returned to power today with a parliamentary election mandate to continue its strong ties with the West.

A record turnout of voters Thursday rebuffed the Socialist opposition's pleas for Japan to move closer to the Communist world.

Complete unofficial returns gave Kishi's party 287 of the 467 seats in the House of Representatives, a fat majority of 107.

LONDON (AP) — A British judge ruled Thursday that a wife is not entitled to a divorce on grounds of cruelty just because her husband wants to become a woman. The decision was handed down by Justice Sir William Davies in the case of Mrs. Constance Doling. She sought a divorce on cruelty grounds from her husband, Victor — or, as he now prefers, "Victoria."

After a child was born in May 1951, Davies said, the evidence showed the husband began to develop female characteristics.

LONDON (AP) — Sir Laurence Olivier today laughed off Broadway rumors that he intends to divorce Vivien Leigh. And his actress wife described the report of a rift in their 18-year marriage as "all nonsense."

BUENOSAIRES (AP) — Argentine courts will have to decide whether exiled dictator Juan Peron can come home under a political amnesty bill signed into law Thursday night.

President Arturo Frondizi fulfilled an election pledge by signing the bill. Frondizi and the Congress which his supporters control were elected Feb. 23 with the help of Peron's followers.

The new law provides an "ample and general amnesty" for all political crimes... acts committed with political or labor purposes, or when it can be deter-

mined that someone was brought into court and charged with common crimes because of political or labor reasons."

Eastern League

By THE ASSOCIATED PRESS

The pitching went from the sublime to the unfortunate in the Eastern League Thursday night.

Bob Paffel of Lancaster pitched a four-hit shutout for a 7-0 victory over Springfield and a sweep of a three-game series.

But Howard Reed, Albany's third pitcher, loaded the bases in the last of the ninth, then walked in the winning run. Allentown won 5-4.

Albany's two other pitchers, Evans Killeen and Hal Raether, walked 10 men, watched Eddie Lavene hit a home run in the first and blew a 3-1 lead.

The other two games—York at Williamsport and Reading at Binghamton — were rained out. The York-Williamsport postponement was particularly unfortunate. The two teams are leading their divisions and this was the rubber game of a three-game se-

ries. Wednesday's game attracted 3,400, largest paid attendance this season at Williamsport.

Paffel's shutout, backed by 12 hits from his teammates, was his fifth victory this season against three defeats.

Charlie Smith went all the way for Allentown, boosting his record to 2-0 and allowing only five hits. But wildness kept him in trouble and let in two unearned runs.

Tonight's games: York at Binghamton, Reading at Williamsport, Springfield at Allentown, Albany at Lancaster.

MEAT PRICES UP BUT CUSTOMERS KEEP ON BUYING

CHICAGO (AP)—A Chicago housewife gazed dubiously at a pink and white pork loin in the butcher case.

"I don't believe it," she said. "You say 75 cents a pound for the loin?"

"I can let you have the rib half, nicely trimmed, for 65," the butcher said.

She grumbled a bit—and bought the loin.

Customers Complain

Also in this particular case was a blade pot roast at 49 cents, the day's featured item. But choice round steak was 89 cents a pound; lamb shoulder chops were 79, and steer liver 50.

In similar New York shops, prices were higher. In Baltimore, Md., they were lower. In Los Angeles they were lower, except for pork.

But Adolph M. Hanson, in his butcher shop on Chicago's Northwest Side, spoke words that would have held true almost anywhere in the nation: "Yes, prices are up. The customers are complaining."

Still Buying Same Cuts

"But they're still buying," he said, "and they're not switching from the cuts they like to buy on account of price."

The American Meat Institute affirmed that housewives are paying more for meat than they were a year ago, and the rise in

2 WORKMEN DIE IN OIL BLAZE

LONG BEACH, Calif. (AP)—Flames from a series of explosions ranged unchecked today through a refinery where rivers of burning oil and gasoline trapped and killed two workmen.

Torrents of blazing oil from a ruptured tank started a chain reaction Thursday in the 25-million-dollar Hancock Oil Co. refinery on Signal Hill.

Workers sprinted for their lives as 14 big tanks blew up one by one.

Four hundred patients were evacuated in ambulances from Long Beach General Hospital. Long Beach Air Force Base was evacuated. Planes were moved from runways adjacent to the refinery to other parts of the airport.

Prices for pork and beef have been dramatic in the last two months. Meat prices are about 25 per cent higher than a year ago.

But, the AMI's spokesman said, the price of meat relative to other food costs is still modest on the consumer's price index. "Meat has been a real food bargain and still is," he said.

Why the dramatic upswing in prices charged by the butcher? The AMI pointed to government marketing statistics. Meat supplies at the stockyards have been 10 per cent less than a year ago on the average. But Americans are buying more meat than last year.

Behind the generally spare marketing of livestock, market men say there are motives which have a lot to do with the weather, or, more specifically, rain.

Cattlemen who had been running thin range herds because of drought and sparse forage in the Southwest were confronted with lush grassland this year resulting from ample winter rains. Until recently they held stock on the range to build up their herd populations.

CONVICTED OF ARSON DEATH; WILL GET LIFE

TRENTON, N. J. (AP)—Elber Cooper Lucas was convicted of first degree murder early today in a two-million dollar cathedral fire.

The 41-year-old truck driver's helper stood stolidly as the jury foreman returned the verdict of guilty with recommendation of life imprisonment just after midnight. The jury deliberated a little less than three hours.

On March 14, 1956, the rector of St. Mary's Cathedral died as he valiantly tried to warn others in the rectory. Two women housekeepers perished as well.

The leaping flames devoured the 85-year-old Roman Catholic landmark on a rainy night as a crowd watched in grim silence.

For a year after his arrest, Lucas was in a mental hospital. His defense attorney fought in vain to prove his client insane before the jury of six men and six women.

Mother Faints

Mrs. Anna May Lucas, the defendant's aged mother, fainted after the poll of individual jurors confirmed the verdict.

Msgr. Richard T. Crean perished in the pyre of flames which burned above the towering steeple in the heart of the city. He was found dead on the third floor of the church where he had spent half his life.

Four younger priests said he had tried to warn others of their peril.

Lucas, police said, had wanted to become converted to Catholicism but had an argument with a priest over the catechism.

During the trial, a 14-page statement police elicited from Lucas was repeatedly challenged by defense attorney John Dimon. He said certain points in the paper conflicted with known facts.

ASK MORE TAX MONEY

ALTOONA, Pa. (AP)—The Pennsylvania Home Rule Assn. wants the state's political subdivisions granted 25 per cent of gasoline tax funds rather than the 20 per cent now turned back to local bodies.

The association made the plea Thursday at a meeting of officers and the executive board.

In 1951, the U.S. railroads installed more new locomotive units than in any year since 1923.

Ike's Foreign Aid May Get Trimming

WASHINGTON (AP)—President Eisenhower's foreign aid program, temporarily six million dollars bigger than when he submitted it, faces possible trimming today by the Senate Foreign Relations Committee.

The committee in the last two days tentatively raised military assistance funds from the \$1,640,000,000 voted by the House to the \$1,800,000,000 Eisenhower asked. It approved \$35 millions for defense economic supports for military allies. The House had voted 775 millions.

The committee is working on an authorization bill for Eisenhower's \$3,900,000,000 program, which already has been passed by the House. Actual money for the program must await an appropriation bill on which a House subcommittee has been working.

Judge O'Brien Eyes High Court Bench

PITTSBURGH (AP)—Judge Henry X. O'Brien of Allegheny County Common Pleas Court, who withdrew from consideration as the Republican organization candidate for governor, says he is interested in the GOP nomination for State Supreme Court.

O'Brien said Thursday that his heart has been set on a judicial office rather than an administrative office and that fact plus his desire to avoid a primary fight were responsible for his withdrawal from the gubernatorial race.

Both parties will nominate a candidate to run for the Supreme Court seat left vacant by the recent death of Justice T. McKean Chidsey.

\$100,000 BOUT

DETROIT (AP)—Heavyweight champion Floyd Patterson has been offered \$100,000 to defend his title against Detroit's Johnny Summerlin.

Promoter C. W. Smith made the offer Thursday. Summerlin, of course, must defeat Nino Valdes in their non-telvised bout here Saturday night to solidify the offer.

ABC MASTERS TO OPEN SATURDAY

SYRACUSE, N.Y. (AP)—The regular American Bowling Congress competition will become just a sideshow when the eighth annual ABC Masters event begins a five-day run Saturday.

The Masters is a singles match game tournament completely distinct from the regular ABC activities, which have kept the Onondaga War Memorial here humming since March 29. Although rolled over the same lanes as the ABC, the Masters is conducted under a separate sanction.

The Masters competition Saturday and Sunday morning will be confined to the qualifying rounds, in which 360 men battle for 35 available opens in the finals.

FLUORIDATION IS "BEST BARGAIN"

HARRISBURG (AP)—Fluoridation of water has been described as one of the best public health bargains of all time by an official of the American Dental Assn.

Herbert B. Bain, public information director for the association, Wednesday described criticism of the program as part of the "irrational charges (that) have been a part of every program to introduce public health measures."

Research repeatedly has shown that up to two-thirds of new tooth decay is prevented by water fluoridation "when children are served by the program from birth," Bain declared in a speech at the opening of the 90th annual conference of the Pennsylvania Dental Society.

More than 1,650 communities, with 33 million people, have fluoridated their water supplies, he said, and within "a reasonable period of time, fluoridation will be as common throughout the United States as is chlorination."

On the effectiveness of dentifrices as preventive measures, however, Bain said there is no evidence that any tooth paste or

powder now on the market will prevent dental decay.

Algerian Fights In Garden Tonight

NEW YORK (AP)—The parade of foreign fighters chasing the Yankee dollar continues tonight at Madison Square Garden. La-houari Godih of Oran, Algeria and Paris, meets New York's Johnny Busso.

Until he fought in Washington last month for \$4,000 plus television pay, the biggest purse the French lightweight champ ever drew was about \$2,500. He gets another \$4,000-plus for this 10-round match at a 140-pound contract.

Television viewers who saw Godih scamper past Larry Baker in his American debut at Washington will get another look against an opponent who is ranked No. 5 among the contenders by the National Boxing Assn.

NBC will telecast and broadcast at 10 p.m., EDT.

Cook potatoes in a small amount of water to save nutrients. You can boil two pounds of medium-sized white potatoes (halved) in as little as three-quarters cup of water. The vegetable will be cooked in 20 to 30 minutes.

SAN DIEGO, Calif. (AP)—Cmdr Bob Mareness is thrown around naval district headquarters as one who seldom resists the opportunity to improve on memos and letters written in his department and submitted to him for approval.

So when his staff brought him a 35-pound bronze plaque, to be awarded later to a Navy ship crew, it was accompanied by a hammer and chisel.

The National Parks in the United States cover 24 million acres. Probably the world's youngest circus stars are Nida 2, Rene 4, and Yvonne 6, who are trick unicyclists with the Hamid-Morton circus. Their father, a juggler named John Joannides, was born in Athens, Greece. Their mother, Vonda, is a trapeze star born in Torino, Italy. The children were born in Florida.

PUT NEW AIR SAFETY RULES INTO EFFECT

WASHINGTON (AP) — Federal agencies moved today to put into quick operation emergency rules aimed at preventing any more collisions between swift military jets and civilian aircraft.

President Eisenhower Thursday ordered a five-point program, pending a long-range air safety plan expected to be ready in about three months. Some emergency rules will become effective within a few days.

Eisenhower's emergency orders were issued after he had conferred with members of a House Appropriations subcommittee. A day earlier that group had demanded such emergency measures, but had been turned down by federal aviation officials.

Five-Point Plan

Details of the five-point safety program were announced after the White House meeting by Rep. Prince H. Preston (D-Ga.), chairman of the Appropriations subcommittee. It requires that:

1. Jet trainer planes flown by student pilots on civilian airways

must operate under instrument flight rules. Preston said such aircraft now operate under visual flight rules except at night and in bad weather.

2. Military jet trainers must stay off civilian airways when traveling from higher to lower altitudes.

3. Jet planes on cross-country and similar flights must file flight plans with the Civil Aeronautics Administration.

4. Jet trainer pilots must keep away from civilian airways in making proficiency flights.

5. Operational flights must be made on civilian airways under instrument flight rules and CAA control.

NORFOLK, Va. (AP) — Bert Bond's store in the basement of an 18th Century house here is short on white enamel and chrome fixtures, but it doesn't lack variety.

If you want a false nose or some kindling wood he has it. Watermelon and Christmas trees, too, in season. In case you want an oil lamp or chimney he has that, too.

"Just ask for it and I'm darned likely to have it," says Bert.

Always use straight-sided custard cups for popovers if you haven't regular popover pans. The straight sides yield a high well-shaped hot bread.

YANK CAREER GIRL MAKING U. S. FRIENDS

By DOROTHY ROE

Turn an American career girl loose in a foreign country and international relations start improving right away.

A case in point is pretty Florence Pritchett Smith, former model, fashion editor and radio commentator, now busily fostering good will as wife of the U.S. ambassador to Cuba, Earl E. T. Smith. In New York to promote a scholarship for talented young Cuban designers, this glamorous adjunct to the diplomatic service says:

"Everyone is being simply wonderful. (After seeing her, you can understand why.) I have six of the best-known fashion manufacturers, industrial designers and retailers in the country who will guarantee jobs to the scholarship winners in New York, and a comparable group in Cuba who will offer them equal salaries and opportunities to come back home after a year's study and a year's work here."

Florence was born in New Jersey, started work as a New York model at the age of 15, later became fashion editor of the New York Journal-American. She ran her own radio show, then quit that to marry Smith.

"He is my longest-term sponsor — 10 years. And being his wife is the best job I ever had," she says.

Along with her official duties as ambassador's wife, she is in the fashion business, designing her own line of party and hostess clothes for a New York manufacturer.

She is active in work with the women's clubs of Cuba, heads an organization of wives of embassy employees and takes every opportunity to talk to Cuban women.

"I don't understand why people worry about whether to choose marriage or a career. I've found being a wife merely multiplies careers—and all of them are more fun," she says.
